## **ADVERTISEMENT.**

Some confusion exists as to the authorities responsible for the distribution of publications, charts, etc., issued for the guidance of mariners.

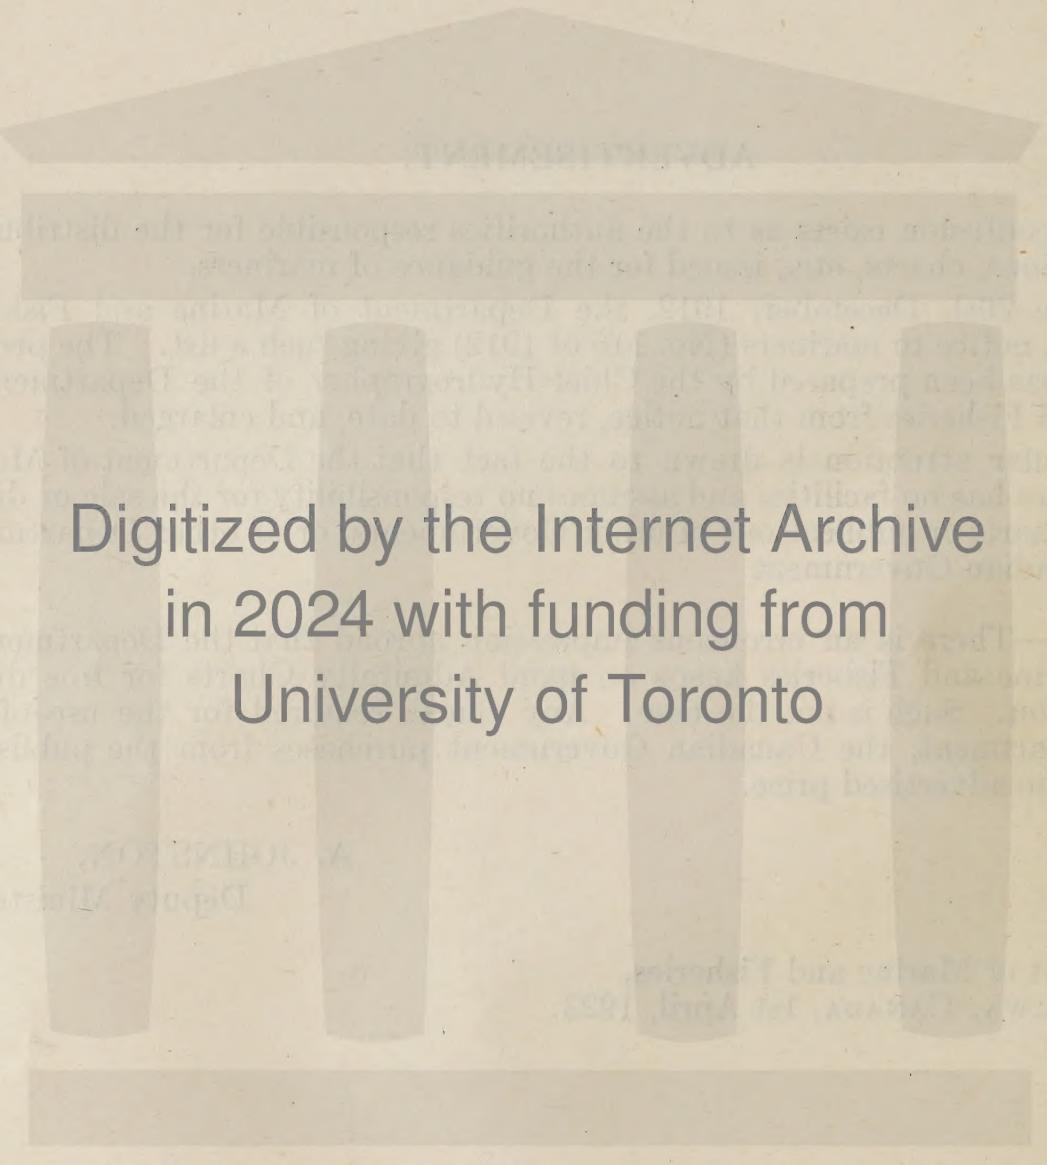

On the 20th December, 1912, the Department of Marine and Fisheries published a notice to mariners (No. 116 of 1912) giving such a list. The present catalogue has been prepared by the Chief Hydrographer of the Department of Marine and Fisheries from that notice, revised to date, and enlarged.

Particular attention is drawn to the fact that the Department of Marine and Fisheries has no facilities and assumes no responsibility for the sale or distribution of charts or publications of other Governments, or of other Departments of the Canadian Government.

**NOTE.**—There is an erroneous impression abroad that the Department of Marine and Fisheries keeps on hand Admiralty Charts for free distribution. Such is not the case. Any charts required for the use of the Department, the Canadian Government purchases from the publishers at the advertised price.

**A. JOHNSTON,**  
**Deputy Minister.**

## UNITED STATES GOVERNMENT PUBLICATIONS.

### IV.

#### ISSUED BY THE HYDROGRAPHIC OFFICE, NAVY DEPARTMENT, WASHINGTON, D.C.

**Charts.**—The Hydrographic Office, U.S. Navy, publishes a very extensive and well printed series of charts, at prices varying from 10 to 70 cents, averaging about half in price of the Admiralty Charts. Most of the important charts included in the Admiralty list printed above will be found amongst them, but a list is not given, as the Department has no means of checking the latest corrections to these publications, and their use is not officially sanctioned on Canadian or British vessels.

These can be obtained, at the prices quoted, with postage added, from the Hydrographic Office, Navy Department, Washington, D.C.

They may also be procured from Harrison & Co., 53 Metcalfe Street, Montreal; and from T. J. Moore & Co., 118 Mountain Hill, Quebec; Creighton & Marshall, Ordnance Square, Halifax, N.S.; J. & A. McMillan, 98 Prince William Street, St. John, N.B.; Alexander Bain, Port Hawkesbury, Cape Breton.

**ISSUED BY THE UNITED STATES LAKE SURVEY OFFICE,  
DETROIT, MICHIGAN.**

(1) **Bulletin**, to supplement the information given upon the charts of the Great Lakes.

The Bulletin can be obtained from the United States Lake Survey Office, Detroit, Michigan.

(2) **Charts**.—The Charts enumerated in the following list can be obtained, on payment of the catalogue prices, with postage added, from the United States Lake Survey Office, Detroit, Michigan:—
